General Instructions**Purpose of Form**

Use Form 4952 to figure the amount of investment interest expense you can deduct for 2010 and the amount you can carry forward to future years. Your investment interest expense deduction is limited to your net investment income.

For more information, see Pub. 550, Investment Income and Expenses.

Who Must File

If you are an individual, estate, or a trust, you must file Form 4952 to claim a deduction for your investment interest expense.

Exception. You do not have to file Form 4952 if all of the following apply.

- Your investment income from interest and ordinary dividends minus any qualified dividends is more than your investment interest expense.
- You do not have any other deductible investment expenses.
- You do not have any carryover of disallowed investment interest expense from 2009.

Allocation of Interest Expense

If you paid or accrued interest on a loan and used the loan proceeds for more than one purpose, you may have to allocate the interest. This is necessary because different

rules apply to investment interest, personal interest, trade or business interest, home mortgage interest, and passive activity interest. See Pub. 535, Business Expenses.

Specific Instructions**Part I - Total Investment Interest Expense****Line 1**

Enter the investment interest expense paid or accrued during the tax year, regardless of when you incurred the indebtedness. Investment interest expense is interest paid or accrued on a loan or part of a loan that is allocable to property held for investment (as defined on this page).

Include investment interest expense reported to you on Schedule K-1 from a partnership or an S corporation. Include amortization of bond premium on taxable bonds purchased after October 22, 1986, but before January 1, 1988, unless you elected to offset amortizable bond premium against the interest payments on the bond. A taxable bond is a bond on which the interest is includible in gross income.

Investment interest expense does not include any of the following:

- Home mortgage interest.
- Interest expense that is properly allocable to a passive activity. Generally, a passive activity is any trade or business activity in which you do not materially participate and any rental activity. See the Instructions for Form 8582, Passive Activity Loss Limitations, for details.

- Any interest expense that is capitalized, such as construction interest subject to section 263A.

- Interest expense related to tax-exempt interest income under section 265.
- Interest expense, disallowed under section 264, on indebtedness with respect to life insurance, endowment, or annuity contracts issued after June 8, 1997, even if the proceeds were used to purchase any property held for investment.

Property held for investment. Property held for investment includes property that produces income, not derived in the ordinary course of a trade or business, from interest, dividends, annuities, or royalties. It also includes property that produces gain or loss, not derived in the ordinary course of a trade or business, from the disposition of property that produces these types of income or is held for investment. However, it does not include an interest in a passive activity.

Exception. A working interest in an oil or gas property that you held directly or through an entity that did not limit your liability is property held for investment, but only if you did not materially participate in the activity.

Part II - Net Investment Income**Line 4a**

Gross income from property held for investment includes income, unless derived in the ordinary course of a trade or business, from interest, ordinary dividends (except Alaska Permanent Fund dividends), annuities, and royalties. Include investment income

General Instructions

Section references are to the Internal Revenue Code.

Purpose of Form

Certain food and beverage establishments (see *Who Should File* below) use Form 8846 to claim a credit for social security and Medicare taxes paid or incurred by the employer on certain employee's tips. The credit is part of the general business credit.

You can claim or elect not to claim the credit any time within 3 years from the due date of your return on either your original return or on an amended return.

Who Should File

File Form 8846 if you meet both of the following conditions.

1. You had employees who received tips from customers for providing, delivering, or serving food or beverages for consumption if tipping of employees for delivering or serving food or beverages is customary.

2. During the tax year, you paid or incurred employer social security and Medicare taxes on those tips.

How the Credit is Figured

Generally, the credit equals the amount of employer social security and Medicare taxes paid or incurred by the employer on tips received by the employee. However, the amount of tips for any month that are used to figure the credit must be reduced by the amount by which the wages that would have been payable during that month at \$5.15 an hour exceed the wages (excluding tips) paid by the employer during that month.

For example, an employee worked 100 hours and received \$450 in tips for October 2010. The worker received \$375 in wages (excluding tips) at the rate of \$3.75 an hour. If the employee had been paid \$5.15 an hour, the employee would have received wages, excluding tips, of \$515. For credit purposes, the \$450 in tips is reduced by \$140 (the difference between \$515 and \$375), and only \$310 of the employee's tips for October 2010 is taken into account.

Specific Instructions

Figure the current year credit from your trade or business on lines 1 through 4.

Line 1

Enter the tips received by employees for services on which you paid or incurred employer social security and Medicare taxes during the tax year.

Include tips received from customers for providing, delivering, or serving food or beverages for consumption if tipping of employees for delivering or serving food or beverages is customary.

Line 2

If you pay each tipped employee wages (excluding tips) equal to or more than \$5.15 an hour enter zero on line 2.

Figure the amount of tips included on line 1 that are not creditable for each employee on a monthly basis. This is the total amount that would be payable to the employee at \$5.15 an hour reduced by the wages (excluding tips) actually paid to the employee during the month. Enter on line 2 the total amounts figured for all employees.

In addition, I understand that a substantial or gross valuation misstatement resulting from the appraisal of the value of the property that I know, or reasonably should know, would be used in connection with a return or claim for refund, may subject me to the penalty under section 6695A. I affirm that I have not been barred from presenting evidence or testimony by the Office of Professional Responsibility.
